

**UNA ESCENA INOLVIDABLE COBRA VIDA GRACIAS A LOS
LADRILLOS LEGO®**

CASPER GLAHDER: DISEÑADOR GRÁFICO DE LEGO®

ATTICUS TSAI-MCCARTHY: DISEÑADOR DE LEGO®

WOON TZE CHEE: DISEÑADOR SÉNIOR DE LEGO®

"¡CÓMO ODIÓ TENER RAZÓN SIEMPRE!"

CUANDO EL T. REX SE FUGA DEL RECINTO EN EL QUE ESTÁ CONFINADO, LAS PRESUNTUOSAS PREDICCIONES DEL DR. IAN MALCOLM SE CONVIERTEN EN HECHOS.

"¡Me encanta *Parque Jurásico*! Para mí, se trata de la película más exitosa de todas, y este trabajo me dio la oportunidad de volver a verla por lo menos cinco veces como parte del proceso..., ¡con fines de investigación, por supuesto! Me siento particularmente orgulloso de la forma de la cabeza del T. rex y de cómo usamos un parabrisas de la gama LEGO® Speed Champions para recrear la cubierta transparente del Ford Explorer. Pero, más específicamente, hay una placa verde que coloqué dentro del T. rex como referencia a la estructura genética de todos los dinosaurios del parque. Aunque sea un toque sutil, me gusta que esté ahí".

ATTICUS TSAI-MCCARTHY: DISEÑADOR DE LEGO®

“NO TE MUEVAS”

EL DR. ALAN GRANT PROPONE UNA SOLUCIÓN (LIGERAMENTE ALENTADORA) PARA EVITAR SER DEVORADOS.

“Este modelo es el resultado de una colaboración entre Atticus, otro diseñador de LEGO®, y yo. Mientras Atticus se centraba en el vehículo principal y el T. rex, yo trabajaba en la base de exposición y el todoterreno volcado. Ambos somos grandes fans de la película, así que sabemos exactamente lo que esta escena significa para el público y, en consecuencia, ¡la presión por recrearla a la perfección era algo bastante real!

Uno de los aspectos más emocionantes de trabajar en este set es el gran número de detalles trascendentes e icónicos que contiene. Desde los vasos con agua cuya agitación anuncia la llegada del T. rex hasta la exasperante linterna (¡apágala de una vez!), los neumáticos reventados y la cadena que sujetaba a la (desafortunada) cabra..., ¡sin mencionar siquiera a la magnífica criatura en sí! El hecho de que sucedan tantas cosas a la vez representó un gran desafío para nosotros, porque teníamos que mantener todo al tamaño correcto y en la proporción adecuada en relación con las minifiguras. Demasiados detalles provocan que las cosas aumenten de tamaño muy rápidamente. Si te esfuerzas por hacerlo pequeño, quizá el resultado no tenga la suficiente complejidad. Al final, creo que encontramos el equilibrio perfecto para que el modelo funcionara como una recreación de la escena y también inspirara un poco de nostalgia. ¡Esperamos que los fans de *Parque Jurásico* opinen lo mismo!”.

WOON TZE CHEE: DISEÑADOR SÉNIOR DE LEGO®

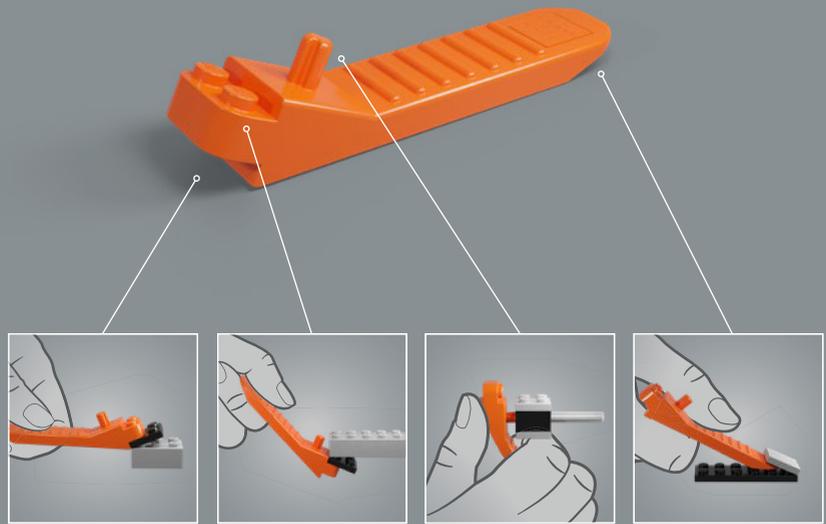

"¡ROOOAAARRR!"

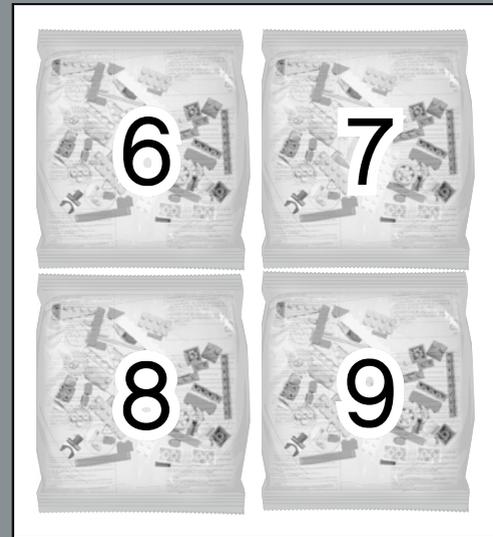

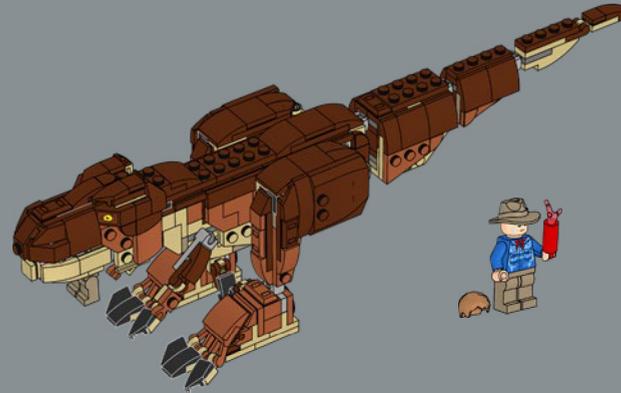

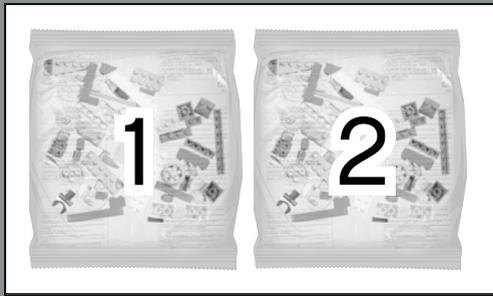

EL T. REX SE PRESENTA A SÍ MISMO ANTE TIM Y LEX MURPHY DE LA MANERA MÁS ATERRADORA.

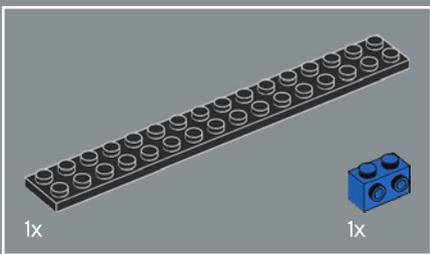

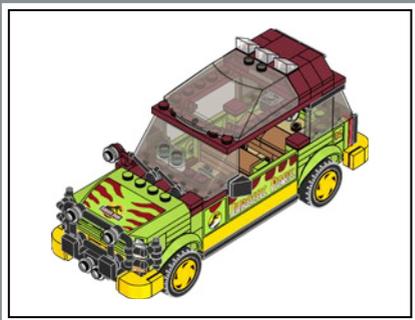

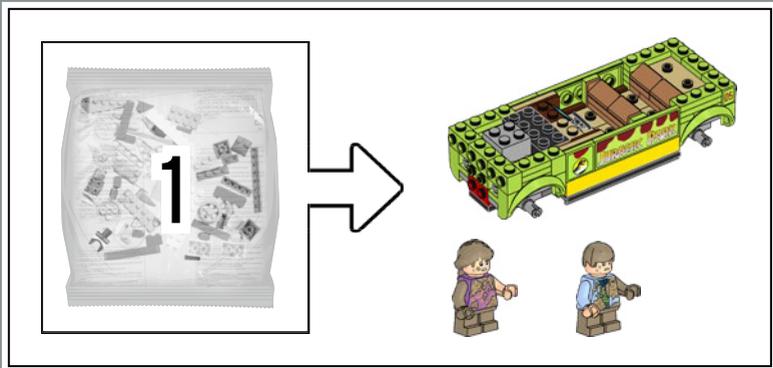

"Me encargué de dar vida a todos los elementos gráficos que hay en el set, en particular, a todos los letreros y pegatinas. Fue un gran honor trabajar en el Ford Explorer, ya que es la primera vez que se reproduce en un set LEGO® y sé que es algo que los fans habían pedido. Quise recrearlo con total fidelidad incluyendo cada uno de los divertidos detalles que vimos en la película, como las señales de advertencia y la pantalla táctil del interior. También estoy muy satisfecho de cómo quedaron los ojos del T. rex, ¡especialmente porque son una parte muy memorable (y terrorífica) de la escena!".

TECNOLOGÍA PREHISTÓRICA

Hoy en día, usar finísimos teléfonos, tabletas y ordenadores portátiles para informarnos y entretenernos es de lo más común. Pero en 1993, este CD-ROM interactivo era lo último en tecnología. Quizá sea un poco complicado llevarlo en el bolsillo...

“¡APAGA ESA LUZ, APAGA ESA LUZ!”

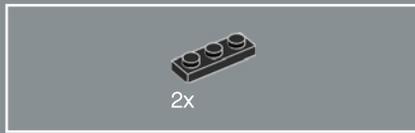

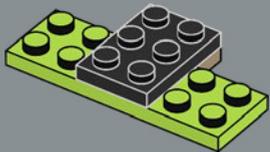

En un mundo ideal, Lex se habría quedado quieta y en silencio, esperando a que el furioso T. rex se fuera por donde llegó. ¿Pero no crees que estrenar una poderosa linterna apuntando su luz en todas las direcciones posibles en ese momento lo hizo mucho más divertido?

"¿HAS SENTIDO ESO?"

¿Cómo le dices a alguien que se aproxima el T. rex sin decirle que se aproxima el T. rex? Solo necesitas un par de vasos con agua, algo gigantesco que pueda agitarlos un poco, ¡y listo! ¡Hiciste historia en el cine!

CREADO PARA EXPLORAR

Amplio techo panorámico de cristal reforzado. Una emblemática combinación de colores y fantásticas pegatinas. Ruedas con llamativas llantas amarillas y robusta parrilla. En 1993, todo el mundo soñaba con tener un Ford Explorer XLT como el de *Parque Jurásico*. Desafortunadamente, ahora queda uno menos...

EL REY DE LOS LAGARTOS TIRANOS

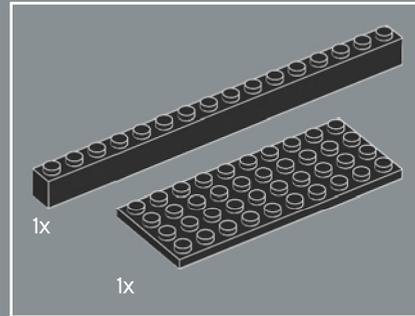

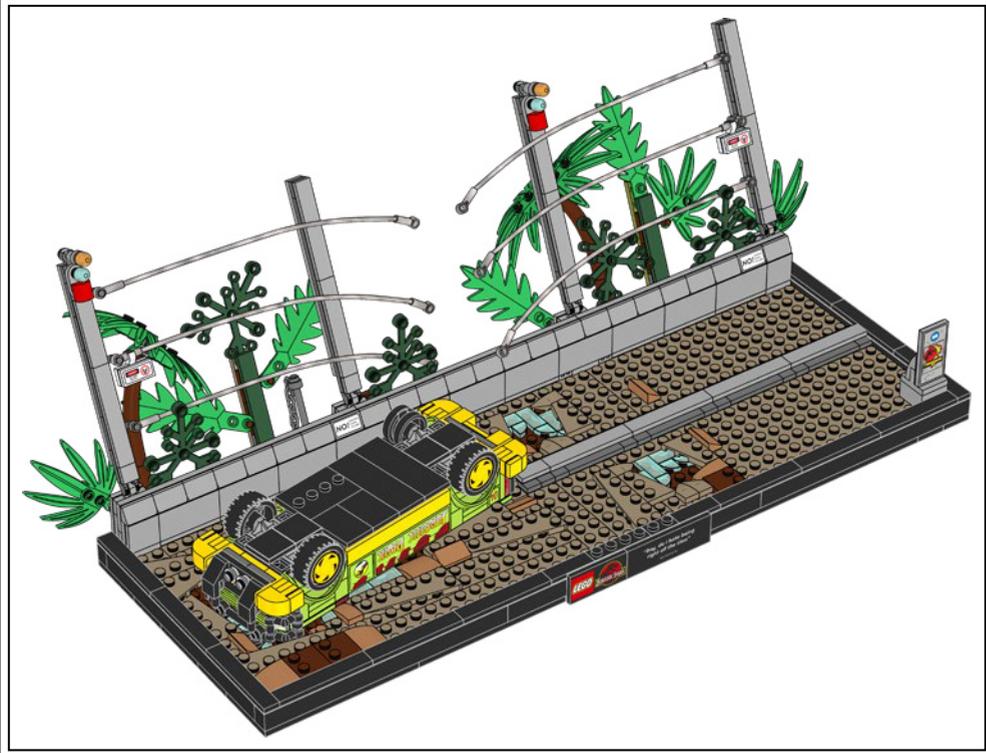

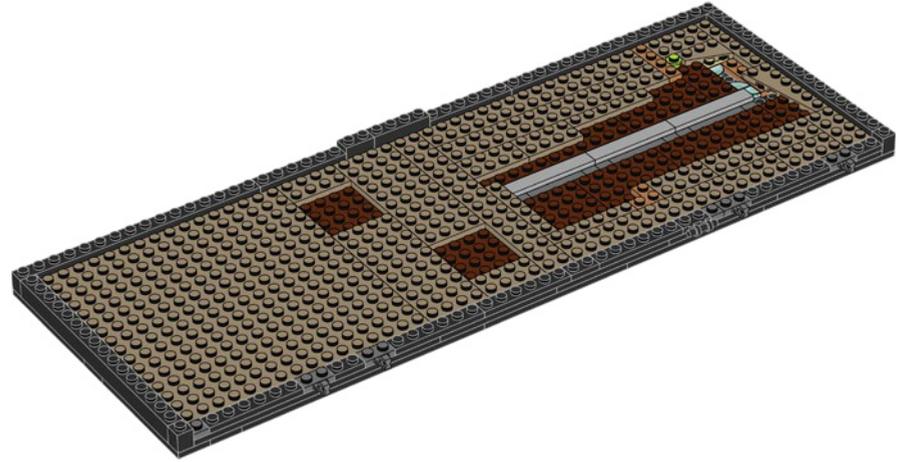

Para el público de 1993, ver una representación realista de un superdepredador de 13 m de altura era algo totalmente nuevo. Producida utilizando lo más revolucionario en animatrónica y, en menor medida, imágenes generadas por ordenador, esta creación ha superado con creces la prueba del tiempo.

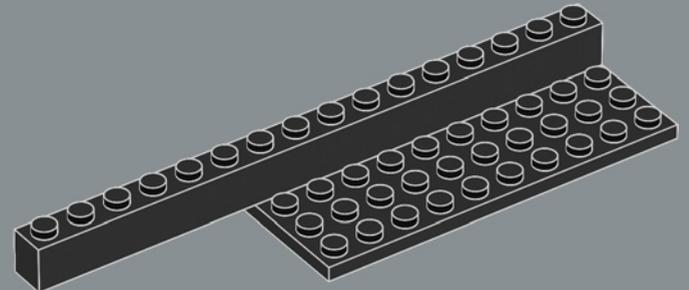

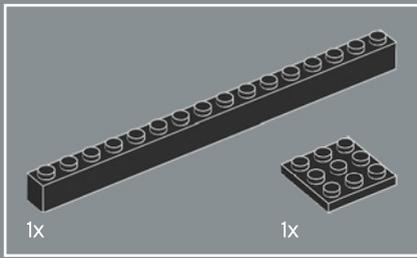

¡VE POR ELLA, LAGARTITO!

Con Lex y Tim atrapados debajo del todoterreno volcado, lo único que puede salvar el día es la ágil mente del Dr. Grant, que decide encender una bengala y lanzarla hacia el recinto del T. rex para dar a los niños la oportunidad de escapar.

¿DÓNDE ESTÁ MI RUEDA?

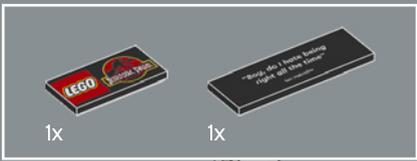

Vaya, parece que te falta un neumático. No es culpa nuestra: el responsable es el hambriento T. rex, que lo confundió con una golosina...

HAY QUE VER EL OTRO LADO DE LA SITUACIÓN...

Justo cuando crees que tu día no puede empeorar, el T. rex vuelca tu Ford Explorer lanzándote al espeso lodo. Ahora solo podría salvarte un milagro (o un valiente hombre con una bengala)...

1x

1x

"Boy, do I hate being right all the time"
Ian Malcolm

"Boy, do I hate being right all the time"
Ian Malcolm

PARQUE SARCÁSTICO

Cada vez que surgía una situación difícil y desesperada (es decir, casi todo el tiempo), no podía faltar el comentario sarcástico del Dr. Ian Malcolm justo en el momento preciso. Recordando cómo había advertido a John Hammond, el dueño del parque, de los peligros que implicaba tener dinosaurios vivos en cautiverio, no pudo resistir pronunciar su famosa frase al ver al T. rex abandonar su recinto...
